Active Holiday Resort

Have a pleasant stay!

Behind the modern architecture of the hotel Sv. Mihovil (St. Michael's Hotel) there is an 80-year-old family tradition.

This 3-star hotel is located in the center of Trilj, a small town on the Cetina River in Dalmatia, Southern Croatia. Trilj is just 30 kilometers away from the city and port of Split and its international airport. Makarska Rivijera is only 45 kilometers to the south. Trilj lies on the crossroads of major routes from inland to the Adriatic coast and it is just 10 kilometers from the new highway.

Hotel Sv Mihovil offers 28 spacious, newly furnished rooms with the total of 56 beds. All rooms are comfortably furnished and offer direct phone lines, air conditioning, satellite TV and mini bar. In addition to this, most of our rooms offer stunning views of the Cetina River and the archeological site Tilurij.

If you are looking for absolute comfort, either for yourself or your guests, you may choose between our two luxurious suites.

Gastronomic experience!

Ever since 1965 our famous restaurant “Čaporice” has been a place of exquisite pleasure to all lovers of authentic specialties from the Cetina region. Some of the most sought-after native specialties include: frogs, crayfish, trout, arambašiči (stuffed cabbage leaves), koštradina (dried mutton), cooked lamb with Dalmatian šalsá (tomato sauce)...

Authentic food and first class service are the reason why the restaurant Čaporice has its place among 100 best Croatian restaurants. Old recipes are passed on to younger generations, together with the message of ecological awareness about preservation of natural resources and return to healthy foods.

At the hotel Sv. Mihovil we always aim to please the guest. This can mean anything from preparing a romantic dinner on our summer terrace, organizing a party, a family reunion, or a business lunch in the restaurant Čaporice, to organizing gala dinners and ceremonies.

Coffee-break...

In the pleasant atmosphere of our café Sv Mihovil you can have a cappuccino or a cake and read your paper in peace. You could have your morning coffee out on the small terrace where you can sit for hours on end enjoying the morning sunrays, waiting until the sun had turned more westward...

...to our café Natura

Where you can order a home-made tiramisu and enjoy the view of the river, hidden in the shade of the Cetina willows. You can be sure to find escape from the heat there, summer or spring. The place is almost as cool as the Cetina River itself!

Business meetings & Team building...

Our conference hall can take up to 50 people. It is day-lit and equipped with basic technical conveniences.

For your next business meeting, seminar or "team building" for your company choose hotel Sv Mihovil that will offer you a pleasant stay and a first class gastronomic experience. Be different!

The two hotel restaurants with two summer terraces and the capacity of 300 seats are ideal for organizing varied and extensive lunches for big tourist or pilgrim groups.

Hotel Sv. Mihovil is open all year round. Parking is secured for guests of the hotel. There is also a fitness center within the facility.

The restaurants and cafés are open all year round from 6 a.m. to 11 p.m.

ADVENTURER

Be different! Be yourself!

Our program "Adventurer club" Hotel Sv Mihovil offers to guests and vacationists from Split and other coastal destinations a variety of opportunities for an active holiday, adventure and relaxation. The hotel has its own stable, equipment for water sports, mountain bikes and bus vans.

We organize tours with experienced and qualified guides:

1. Multisport packages (of several days duration): Multisport adventure week, Adventure TOP 5, Adventure weekend

2. Thematic packages (of several days duration): Riding, Mountain biking tour, Trekking tour, Team building programs, Single-day tours

Recreation near river...

RIDING The traditional knightly game "Alka" is deeply rooted in the life of people in the Cetina region. This fact also explains their love for horses. If you decide to go horse-back riding you can choose between our riding stable "Galop" and a ride along the river, following the almost desolate paths through meadows and picturesque villages.

THE SCHOOL OF RIDING can be organized as a 7-day program.

MOUNTAIN BIKING tour Ride freely up and down the green hills of the Trilj region. Discover the simple life of the native people. Explore their small eco-villages where food is still cultivated and manufactured naturally. You will follow the part of the track where traditional international professional bikers' race takes place. It will guide you through green meadows in the Cetina valley. This is a recreation track.

TREKKING tour along the 15-20 km long track, that includes mainly the hilly area just outside Trilj. Start in front of the hotel Sv Mihovil, follow the route of green hills and vineyards full of numerous springs and brooks where you can stop and cool down, drink some of the clean spring water and breathe the fresh air of the Zagorje region deeply into your lungs.

...River adventures

RAFTING tour

A true adventure! Each raft accommodates six people. Rafting through a canyon whose mighty cliffs nestle the river's rapids as it flows to the sea. The experience will be unforgettable and you will certainly fall in love with this beautiful river.

CANOE SAFARI tour The ride on the peacefully flowing, crystal-clear Cetina River and its tributaries, which winds through the green Sinjsko polje (The field of Sinj). The ride accompanied with the birds singing makes this experience special. After visiting "Grapske mlinice" - 600-years old water-mills you will feel what the true "eco- ethno" experience of the Cetina region means.

CANYONING tour In the 200-meter deep Cetina canyon numerous waterfalls and lakes, subterranean tunnels and the unique "Gubavica" Falls (38 m) make this encounter with an untouched natural environment complete. 3-4 hours of trekking, descents, walking through tunnels and swimming will make this experience memorable.

RIVER RIDING tour Rafts for 2 persons or the kayak tour through one of the most beautiful and undiscovered canyons in Europe. The impressive rocky crags with Mediterranean vegetation, and cliffs as high as 100 meters, will make this tour a breathtaking experience!
